ONE CHILD. ONE LOCATION. ONE COORDINATED RESPONSE.

WHEN A CHILD DISCLOSES ABUSE, NO FAMILY SHOULD HAVE TO NAVIGATE THE JOURNEY ALONE.

WHAT MAKES THE CARE HOUSE DIFFERENT?

Our Multidisciplinary Team (MDT) Response: Rather than requiring families to navigate multiple agencies separately, the CARE House brings together agencies & professionals such as law enforcement, child protective services, medical providers, prosecutors & mental health professionals under one roof, ensuring children & families receive compassionate, coordinated care following some of the hardest moments of their lives.

HEALING THAT CAN BE MEASURED...

In many rural communities, specialized trauma treatment is difficult to access. Because of you, children & families across the Pee Dee have access to specialized trauma treatment otherwise unavailable.

Progress is measured using evidence-based assessments that track reductions in trauma symptoms, improvements in behavior & mastery of skills. Treatment completion reflects documented improvement rather than subjective observation.

HEALING THAT CAN BE FELT...

AFTER EXPERIENCING ABUSE BY A TRUSTED ADULT, "KENNEDY" STRUGGLED WITH FEAR, SELF-DOUBT & ANXIETY. THROUGH COORDINATED SUPPORT & EVIDENCE-BASED COUNSELING AT THE CARE HOUSE, SHE BEGAN TO REGAIN CONFIDENCE, PROCESS HER EXPERIENCES & ENVISION A FUTURE DEFINED BY HOPE RATHER THAN TRAUMA.
